

2017/2018 TNSAR GOALS

- 1) TNSAR supports and delivers a National Congress in Knoxville that compatriots around the country will talk about positively for years to come.
- 2) All chapters fully engage in identifying and mentoring candidates for all of our youth programs and the history teacher competition. While a goal of 100% submission would be the ideal, the goal for this year will be 11 candidates for each program (50% of chapters submitting).
- 3) As a means to retain membership, each chapter will fully embrace the new Mentor Program. Information is on the TNSAR and NSSAR websites. Printable version available on TNSAR site. Membership retention goal for 2017 is 94%.
- 4) Promote participation in our Color Guard, the face of TNSAR, throughout the state. Encourage new members to join the ranks of the color guard and, whenever possible, create local chapter programs to ease the cost of participation.
- 5) Enjoy the camaraderie of our Society while we focus on furthering all of the great programs that the Sons of the American Revolution offer.
